

Kia Ora,

SUPPORT the next ICDF Conference with 'GIVE A LITTLE'!

ICDF global conferences take place every three years and are hosted by different member countries. This will be the first time of hosting for Aotearoa NZ or the Pacific. ICDF is a small organisation led by volunteers. Access to financial resources, nationally or internationally, are limited.

We are aiming to bring to New Zealand several internationally-known teachers and performers. All currently teach and perform in academic or community arts contexts. The teachers we are currently hoping to assist are from UK, France, South Africa, Brazil, USA and Australia. The last three gatherings were held in Ghana (2016), India (2019) and Sweden (2022). Several New Zealanders have attended a number of previous global gatherings and found them exciting, stimulating and inspiring opportunities to worship, dance, network, share ideas and form lasting friendships with others in our areas of the Christian Arts.

New Zealand's geographical isolation, means that our enthusiastic and committed, but cash-poor, international teachers require financial assistance - travel to Aotearoa New Zealand, accommodation and general living expenses. They will be participating in the activities of the conference, as well as sharing their expertise with the delegates in daily electives. The delegates will also be coming from around the world, as well as from New Zealand, Australia and the Pacific.

The national leadership team of ICDF Aotearoa New Zealand will be assisted by colleagues from ICDF Australia in the myriad planning and running tasks of this conference.

Your help to support the 12th ICDF International Conference is much appreciated!

Funds can be donated via Give A Little:

SUPPORT DELEGATES TO ATTEND the 12th ICDF Conference!

ICDF global conferences take place every three years hosted by different member countries. This will be the first time of hosting for Aotearoa New Zealand or the Pacific. ICDF is a very small organisation led by volunteers. Access to financial resources, nationally or internationally, are limited.

We are aiming to facilitate dance conference delegates being able to come to New Zealand including internationally-known Christian dancers and performers via sponsored funding support. The last three gatherings were held in Ghana (2016), India (2019) and Sweden (2022). Several New Zealanders have attended a number of previous global gatherings and found them exciting, stimulating and inspiring opportunities to worship, dance, network, share ideas and form lasting friendships with others in our areas of the Christian Arts.

NZ's geographical isolation, means that our enthusiastic and committed, but cash-poor, international Christian dancers and performers require financial assistance with travel to

New Zealand, accommodation and general living expenses. They will be participating in the activities of the conference, in daily dance electives and performing at evening concerts and public performance outreaches. The delegates will be coming from around the world, as well as from New Zealand, Australia and the Pacific.

Your help for them to attend the 12th ICDF International Conference is much appreciated!

Funds can be donated via **PAYPAL**:
